

I'm not taking a bath!

During your visit to the Silver City Museum, you were able to pump and haul water to do laundry or take a bath, and other chores children would have done in Territorial New Mexico.

Use the Venn diagram to list the chores you do on the left and the chores you learned about at the Silver City Museum on the right. In the middle, write the chores both have in common.

Your Chores

Common Chores

Territorial Chores
